Stoneware Clay

**Lemons**—Silk sponge, load with CC122 Lemon Peel and sponge all over, add CC124 Yellow Ochre all over on the lemon shapes only that are recessed. Then add some CC160 Key Lime on the outside of each of those sections for a highlight. Add some CC125 Curry on the other side for a shadow. Then with the sea wool sponge add a tiny bit of CC186 Burnt Sienna for additional shading on the inside side on top of the Curry but you are just tickling the surface. (Very, very lightly touching it.)

**Leaves**—2 color blend with CC161 Green Leaf/CSP01 Gloss Medium and CC162 Laurel Green/CSP01 Gloss Medium mix 50/50. Small Sumi. Highlight is LE003 Aqua Splash/CSP01 Gloss Medium mix 50/50.

**Flowers**—CC102 Glacier White/CSP01 Gloss Medium and CC131 Cabernet/CSP01 Gloss Medium mix 50/50. Small and Mini Sumi.

**Turn Backs**—3600 # 2 Liner brush, fully load with LE003 Aqua Splash/CSP01 Gloss Medium mix and drag through CC152 Deep Cerulean Blue/CSP01 Gloss Medium mix. Comma Strokes are the same color combination but done with the 2000-4KB brush.

**Detail**—CC101 Cobalt Black and 3600 #2 Liner brush.

**Comma Stroke accents**— Fully load 2000-4KB round with LE003 Aqua Splash/CSP01 Gloss Medium mix and tip generously into the CC152 Deep Cerulean Blue/CSP01 Gloss Medium mix and do comma strokes.

**Glaze**—1-2 coats of Mayco SW-004 Zinc Free Clear if doing stoneware (Cone 5/6 clay). If using earthenware you would do 2 coats of CSP01 Gloss Medium NT Clear.

*Happy Painting!*
