# Glazes

30 colors called "Glaze Elements" by Colors for Earth. The Glaze Elements are vivid, NON TOXIC glazes applied to bisque. These non-moving glazes provide smooth coverage and can be applied side-by-side for controlled application.

With Soft Fan Glaze Brush apply 2-3 coats to bisque of most of the glazes, matt glazes are 3-4 coats unless otherwise specified on label. Whether you are looking for a semi-transparent, gloss, matt or a designer contemporary glaze you will find what you need in the Glaze Elements line. Look for specific firing directions on product labels. Available in 4oz., Pints and Gallons.
