

China Blank Surfaces

Working on China Blanks! Different uses for the Colors for Earth products on China Blank surfaces. Don't limit your self to Decals or China Painting, now you have another way of decorating.

- Mix Color Concentrates 50/50 and brush on China Blank. With this application the surface is not a high gloss surface.
- Color Strokes/PSP's can be brushed on China Blank. They leave a Matt finish where color is. If Gloss finish is desired you will need to mist 1 coat of CSP01 Gloss Medium NT Clear on as described below.
- Relief Motif can be applied and colored for a raised design on china blanks. See below.

Gloss Medium + Color Concentrates on China Blanks

- Mix 50/50 CSP01 Gloss Medium with Color Concentrate of choice.
- Stroke on design on China Blank
- Outlining and detailing a design is easily accomplished when staying on top of areas that you have stroked on. This gives it something to adhere to.
- If outline goes off design area onto the china surface it will be lighter in color.

What is Gloss Glaze Medium?

It is a glaze base for all intents and purposes. It contains frit, as well as other oxides and has been refined and ball milled for a smooth blend and brush consistency.

- It is Clear in Value.
- It is Non-Toxic.
- It does not Flow during firing.
- Currently Firing Range is Cone 04-06 (this may change as high fire testing proceeds)
- When blended with any of the Color Concentrates it produces a food safe surface.

Color Strokes/PSP's on China Blanks

- Stroke on top of china blanks with Color Strokes/PSPs.
- Color Strokes/PSPs are Matt in finish unless glazed over.
- If high gloss finish is desired, thin down some CSP01 Gloss Medium NT Clear glaze and put in a fine mister bottle and mist a coat over design area. If you try to brush on glaze you will move the design around on the slick china surface.

Gloss Medium + Color Concentrates and Relief Motif on China Blanks

- Mix 50/50 CSP01 Gloss Medium with Color Concentrate of for leaves & stem (CC161& CC162).
- Petals—Relief Motif (Pure). 2 coats of CC123 all over. Shade with CC116 & CC112.
- Center—Tinted Relief Motif with CC186. Shade with CC186 and detail with CC101.
- Fire to witness cone 016.
